

BILTON BIRTH SERVICES

TOYS FOR INFANTS 0-6 MONTHS

For the first few months of your baby's life, toys might not really be a necessity. Reading books, using an activity mat, and you interacting with them is the best thing you can do! Around 3-4 months, (most) babies will be able to grasp objects but that doesn't mean you can't start practicing now! Here are a few options to choose from.

SKIP HOP ACTIVITY TEETHING TOY

SOPHIE THE GIRAFFE

TINY LOVE ACTIVITY MAT

OBALL ROLLIN' RAIN STICK RATTLE

PEEK-A-BOO FOREST SOFT BOOK

KEY TEETHER

BILTON BIRTH SERVICES

6-12 MONTHS

Between the ages of 6-12 months, babies will generally learn to sit up, crawl, and possibly walk (again, not all babies develop at the same rate so it is normal to see these things happen later). Some great ideas are board books, toys to help them walk, musical toys, stackable toys, or other toys to develop hand-eye coordination.

SIT TO STAND LEARNING WALKER

LAUGH AND LEARN PUPPY

STACK BLOCKS BUNDLE

ACTIVITY CUBE

STACKABLE CUPS

"MOO, BAA, LA LA LA" BOARD BOOK
